## LESSON PLAN #2

### ART IN PUBLIC PLACE

#### Definitions:

Antone Martin, the artist/sculptor of Desert Christ Park chose two different methods for his art. Give definitions for those two methods below:

Sculpture

Bas-Relief

#### Matching:

Antone Martin utilized \_\_\_\_\_ reinforced concrete.

Antone Martin created two additional pieces of art that are not in the park. One is located at \_\_\_\_\_ Park.

Another sculpture is located at the Town of Yucca Valley Community Center in the rose garden: It is entitled Angel of \_\_\_\_\_.

The three-story bas-relief \_\_\_\_\_ depicting the Last Supper weighs 125 tons.

One of the sculptures in the park was created in Inglewood, California and was moved to the site in 1951. The other sculptures were created \_\_\_\_\_.
